

## NCTM Report, CMC-S Board Meeting

Submitted May 4, 2015 by Brian Shay, CMC-S NCTM representative

- The NCTM website has been redesigned and they are looking for feedback on it.
- NCTM and the Hunt Institute created a series of videos about the CCSS and SMPs. They can be found on the NCTM website: <http://www.nctm.org/Standards-and-Positions/Common-Core-State-Standards/Teaching-and-Learning-Mathematics-with-the-Common-Core/>
- Principles to Action: Toolkit on Math Teaching Practices is available on the NCTM website. <http://www.nctm.org/PtAToolkit/>
- NCTM will now publish all their materials in English and Spanish and will begin translating older materials. *Principles to Action* is now available in Spanish.
- NCTM is highly engaged with the reauthorization of ESEA (formerly NCLB), large-scale assessment, and curriculum materials reviews.
- NCTM is looking to diversify their membership and cadre of leaders. They encourage affiliates to reach out to minorities, women and younger teachers and mentor them in becoming leaders.
- The final spring Annual Meeting of NCTM will be April 3-7, 2019 in San Diego, CA.
- Beginning in 2020, the NCTM Annual Meeting will be held in the Fall. The first fall meeting is October 22-24 2020 in St. Louis, MO. NCTM assures us that future dates for the Annual Meetings will be published many years in advance. Their plan is to have the Fall Annual Meetings in September or October.

Upcoming Professional Development by NCTM:

- **Algebra Readiness for Every Student, Chicago, IL**  
[Grades 6-8: July 20-22, http://www.nctm.org/algebra/](http://www.nctm.org/algebra/)
